ABOUT ME

- I'm driven by the thrill of coding and the freedom of biking. Both push me to think creatively, solve problems, and constantly seek new challenges.

EXPERIENCE

UIC Group, Tashkent- Frontend developer

June 2024 - PRESENT

- Working across various platforms: education, trading, and business tools.
- Building user-friendly experiences for both web and mobile.
- Improved performance, simplified complex systems, and resolved issues to ensure everything ran smoothly and efficiently.

Unicraft, Tashkent - Frontend developer

June 2024 - October 2024

- Worked on the development of unicraft.uz, creating new features and enhancing the user experience. Focused on improving key sections, such as the user profile, to make it more intuitive and functional.

IT Center Revolution, Tashkent - Frontend Mentor

Nov 2022 - July 2024

- Introduced coding fundamentals to 13-16-year-olds using hands-on lessons and relatable real-world examples to make learning engaging and accessible.
